

SATURDAY, OCTOBER 19, 2013 12:30 pm Nate Studer Farm, Creston, IA

Saturday, October 19, 2013 12:30 p.m., Nate Studer Farm, Creston, IA SCHEDULE ...

elcome to

As we sit down to finalize the catalog, it is one of the hottest days Iowa has seen all summer and it is now September. We are very excited about the cattle and the program we have to offer, yet as we reflect back over this past year it was the second straight year of drought in Southwest Iowa. That being said, it makes us even more excited about the set of cattle you are about to see. Times are changing and we have been getting ready over the past ten years and at that time we ran 40 head on the same amount of pasture that over 150 breeding age females run on today. It took courage, determination and conviction to get us where we are today. Not only did I have to stick to my grounds, but had to keep my family convinced this was the path we should take. As you can tell from the pedigrees Marquis and myself are the back bones of this operation. It makes you ask yourself what a fat man's vision of a fat bull can do! This year, we are very happy to have our friends Gilman Shorthorns, Mithchell Family Shorthorns and AberTees as part of our sale. As everyone knows, it takes a lot of time, effort and man power to get ready for this day and we thank everyone who has helped us get ready for the sale. Make plans for a long weekend in Iowa by attending sales at Cyclone Trace on Friday night and Sullivan Farms on Sunday. We look forward to seeing you on our new sale day, Saturday, October 19th.

Dale V. Studen

### SCHEDULE ...

### Friday, October 18th

- Noon Cattle Available for Viewing, Snacks and Refreshments served throughout the day
- 5:00 pm Cyclone Trace Shorthorns Up Front Sale, Clarion, Iowa

### Saturday, October 19th

- 11:00 am Lunch featuring Southern Iowa Smoked Beef, Cowboy Caviar, Wild West Beans, Country Fried Apples & Homemade Bars
- 12:30 pm Family Legacies Sale . . . Yesterday, Today & Tomorrow
- 7:00 pm Leading A Legacy Fundraiser, Sullivan Farms, Dunlap, Iowa

### Sunday, October; 20th

12:00 pm Sullivan Farms Maternal Legends Sale, Dunlap, Iowa

Saskvalley Tradition 106T; due January/February 2014.

This cow has produced some of our best. She is sound from end to end and very feminine. Selling with her is her January bull calf. He was Reserve Grand Champion Bull at the Iowa State Fair this year. He is one of the stoutest and heaviest muscled bulls I have raised. When you see him you will understand what this cow can do.

A very outstanding son of the great Studer's Jazzman 10U. A bull calf like this is easy to buy anytime of the year. He is worth the drive. He has plenty of thickness, size and a good head for easy fleshing. He is certainly a high caliber bull and as good of one as we have seen. This bull calf has the look of a massive herd bull. Calving ease with performance. Homeboy is 7/8, which means when mated to a purebred cow his calves can be registered as purebreds.

Velvet is a stout, perfectly designed daughter of 127X. Her pedigree is no stranger to red, easy keeping cattle on our farm. A for sure show heifer being the Spring Heifer Calf Champion at the 2013 Iowa State Fair. She is loaded with balance and eye appeal and yet has the volume and performance that comes from her sire. Raising this kind make it all worth it!

Eionmor Masterpiece 36D, the sire of Eionmore Marquis 86G and grandsire of Lot 4C.

If we would have only known then what we know now about what the trip to Denver in 2011 would mean for our operation. Dave, Jenny's Dad, called from the yards in Denver and said he found an awesome red bull calf that he liked as good of any that he had seen all day. So, that night Dale and Anita got on the train and headed West to Denver and The Yards. After looking through the sale catalog, wouldn't you know that it was what Derek and Dale had talked about in how good the Marquis x Jazz Man cross could be. At the time, Dale decided he didn't need another Marquis son so he told Nate & Jenny that they needed to own him. So, they bought him in partnership with Loving's in Kansas. This bull was so excited to come to Iowa that as a two-year-old we could not keep him in his own pasture. As he slipped out with our top 40 cows and bred Jenny's best Simmental cow, we sure didn't know what we were in for, but decided to go all in. However, knowing what the Marquis genetics have done for us he stayed out in the pasture and today we have no second thoughts. Here is the first time offering of this bull's genetics to the public. Don't miss out or have your own second thoughts.

Almost a May baby. A real feminine and stylish heifer calf. Cow material here! With the bulls in her pedigree she is a win-win heifer calf and also as a future brood cow. She also has good numbers. Make sure to look her over. These are the type of cattle to build a herd around.

## **GENERAL INFORMATION : : :**

- Terms: The terms of the sale are cash or check payable to Aegerter Marketing Services, Inc. Payment to be made to the clerk immediately following the sale and before the cattle are removed from the Nate Studer Farm. Purchasers or their representative must sign the bill of sale prior to leaving the sale site.
- Billed Accounts: All billed accounts are due and expected within 10 days of the sale date.
- Insurance will be available for your purchase at the sale through Harding & Harding. Contact either their representative or the clerk at the settlement desk.
- Health: Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states. All vaccinations are up-to-date and cattle born at the consignors have been vaccinated. A list will be available on sale day listing any non-vaccinations.
- Breeding Guarantee: All cattle sell under the Standard Breeding Guarantee recommended by the American Shorthorn Association. An exception would be through mishandling either obesity or under nourishment and illegal practices associated with showing the female.

Liability: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the sellers for a reasonable amount of time. Neither the owners, employees, auctioneer, sale manager or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

**Registration And Transfer:** All animals sell with completed pedigrees or applications for registration.

- Transportation: The Family Legacies group will make every effort to assist you in your transportation needs. Local trucking will be available.
- Mail Bids: Mailed or telephoned bids will be handled in a most confidential manner. If you are unable to attend the sale personally, simply contact a representative of Aegerter Marketing Services, Inc., a special representative, a sale consultant or a member of the Family Legacies group far enough in advance prior to sale day. They will be able to assist you at ringside on sale day.
- Announcements made sale day will take precedence over printed material in this catalog.
- Breeding Update/Calving Information: There will be added information available at the sale site that will list any additions to the catalog information as to new calves born and new breeding information that will occur after the printing of this catalog.

Rare selling a daughter of Marquis bred to MAV Bellringer and due on 02.27.14.

Just get her home and breed her any way you like. She will carry on the rest of her sire's legacy. Selling both of our Marquis daughters in this sale as two-year olds. A rare occasion selling these genetics. It is time to share our real world program!

Purchased this heifer's dam from Rob Sneed as my pick of his cows. A solid red, big bodied daughter of RS Max 907 804 07. A red, maternal bred heifer here. Bred to calve in April to our son of Kinnabar Leader 9th son. An asterisk free sire and dam. A real solid pedigree. Bred to perform. Asterisk free pedigree.

Brood cow is the best word to describe this Built Right bred heifer. She is my Dad's pick of the replacement heifers. Solid red, polled, big bodied, and loaded with muscle. If she is as consistent as her sire, you won't be disappointed. Bred to the Muridale Buster 14K son, Foxwillow Sovereign, she could produce your next herd bull.

## Bred to Saskvalley Tradition; due February 2014.

When contemplating if I should sell this female I decided that I needed to sell my best cows for two of my daughters' upcoming weddings. This cow has done a lot of good for me. Our best Marquis cow in the sale is out of this cow. I wouldn't be selling her if I wasn't retaining her last year's daughter. You won't be disappointed when purchasing this cow.

Red, polled and moderate framed Marquis daughter. These females out of Marquis will make their new owners enjoy raising Shorthorns. Her Sovereign son is in our neighbor's herd being used on some Shorthorn heifers and some black crossbred heifers. Also, top bred heifer in last year's sale was a daughter. She can stay out where the deer and antelope play and survive.
