You Think It's Time

BULL SALE

Welcome to "Don't you Think it's Time" Bull Sale. We have been putting this bull sale together for seven years, with the intentions of providing quality herd sires and using genetics we felt would withstand the test of time in both the Seedstock and Commercial herds. Along the way we have been fortunate to have other prominent and successful Shorthorn breeders recognize our efforts by investing in Studer genetics. The proof is evident in the National Champion Bull, CF Payweight x ET - his pedigree is riddled with Studer genetics. Thanks to those breeders for choosing to commit to our program. Along those lines this sale pairs forces with Gilman Shorthorns, coming off their second year with a national champion pen at the Cattlemen's Congress. As you look through this catalog, understand we have taken the hard work out of it for you. You can find the calving ease, performance, or any bull to fit your needs.

This is our second year to sell at the Cow Place in Anita Iowa. A wonderful sale facility owned by our daughter and sister Ashley and her husband, Chance Will. Make plans to join us on sale day for the Don't You Think It's Time Bull Sale!

Dale N. Studer

Quietly preserving the Shorthorn breed in the hills of Southwest Iowa.

SCHEDULE ...

Friday, February 25th

1:00 p.m. Cattle Available for viewing.
Snacks & refreshments served throughout the day.

Saturday, February 26th

8:00 am Coffee & Fresh Morning Donuts
11:00 am Lunch - Hot Beef Sundaes with Cookies and Bars

GENERAL SALE INFORMATION ...

Terms: The terms of the sale are cash or check. Payment to be made to the clerk immediately following the sale and before the cattle are removed from the WCC Cow Palace. Purchasers or their representative must sign the bill of sale prior to leaving the sale site.

Billed Accounts: All billed accounts are due and expected within 10 days of the sale date.

Insurance will be available for your purchase at the sale through Harding & Harding. Contact either their representative or the clerk at the settlement desk.

Health: Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states. All vaccinations are up-to-date and cattle born at the consignors have been vaccinated. A list will be available on sale day listing any non-vaccinations.

Breeding Guarantee: All cattle sell under the Standard Breeding Guarantee recommended by the American Shorthorn Association.

Liability: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the sellers for a reasonable amount of time. Neither the owners, employees, auctioneer, sale manager or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

Registration And Transfer: All animals sell with completed pedigrees or applications for registration.

Transportation: The Don't you Think It's Time group will make every effort to assist you in your transportation needs. Local trucking will be available.

Mail Bids: Mailed or telephoned bids will be handled in a most confidential manner. If you are unable to attend the sale personally, simply contact a representative, a sale consultant or a member of the Don't You Think It's Time group far enough in advance prior to sale day. They will be able to assist you at ringside on sale day.

Announcements made sale day will take precedence over printed material in this catalog.

General Update Information: There will be added information available at the sale site that will list any additions to the catalog.

We couldn't pass up an opportunity to offer some shares on a bull that Dad and I haven't stopped praising over since the day he was born! He's everything we could ask for out of the Leveldale Rockford bull and our best producing Tradition daughter that will go down in history for producing great ones for us. I feel like everyone that saw him in OKC was impressed in his progression as a coming two-year-old, the comments from some of the most respected cattlemen in our breed was quite humbling. You can't find a hole in him and when you get him on the move he flexes like a 2,000 lb mountain lion that never misses a step. Hammer Time is our next performance sire, extra muscle, big boned, such length of body, with great depth and rib shape. His numbers are off the charts, Top 1 in MK, Top 3 in WW and \$BMI, Top 5 in YW and \$F. Call us for options on purchasing opportunities in semen shares in what we believe is going to be a great one - Dale, 641.344.8035 or Nate, 641.344.8487.

A nice herd sire sired by Saskvalley Bandit. Bandit has been running on cows for 8 years here and continues to be the battle hardened maternal herd sire that is always dependable and produces the kind of cattle that are foundational in their type and kind. This solid red fall bull has the look to turn out just like his sire. His age advantage gives you the opportunity to turn out with cows at any time. Make sure to find him sale day.

This guy is a tank! Hundley has always stood out at being one of the most dominate in his overall dimension, feed efficiency, muscle shape. His mother is a 12J daughter who would impress anyone at first glance in the pasture. He offers a little more color than his sire, but he most certainly resembles his look to be a long running, sustainable, and maternal powerhouse for years to come.

These two Rockford sons have been a stand out all fall in the bull pen, they are so much alike at times its difficult to see which one you like the best. Rockford ads that extra frame and dimension, but also a great foot and skeletal structure that demands a second look, especially for future herd sire potential. These bulls put it all on paper as well. Both Top 10 in WW, YW, \$BMI, and \$F. If you are looking for power, pounds, and performance in your calf crop, look no further!

One of the four Fireball bulls we are offering and this white/roan one has been the stand out all season. He has always presented so well from the profile with extra rib shape, ease of fleshing, power at the ground, and extra muscle. He was reserve spring bull calf at the Iowa State Fair last August and he creates a lot of excitement when he around his contemporaries. This bulls maternal sister had a successful show career for Brock sold in our Family Legacies sales to Bedwells in OK. The list goes on of what this bull can mean to your operation. He's No Joke!

Wow, this one says it all for a bull with performance, numbers, and has that "show ring" eye appeal. He has the look to make someone very happy down the road. His profile, length of body, huge hip combined with a smooth shoulder, and extended front end make him truly unique. His mother has been a performance dam and he was our heaviest bull in our pen at Cattlemen's Congress. Not to mention that he had a lot of lookers in the display. He continues to grow into a powerful athletic sire, I guess we will see what his Judgment will hold on sale day!

If there was bull in this offering we would keep to replace his sire it would be Jethro. What a standout he has been and then combine it with being white and you never miss him in the bull pen. His maternal brother is Studers Meatpacker 78D who is owned by Fickbolm's in South Dakota and have done well for them in recent years. His mother is one of our favorite Bonanza cows on the farm. This bull will be very exciting to keep an eye on in the future.

OWNED BY STUDER SHORTHORNS

We're looking to forward hosting the "Don't You Think It's Time" Bull Sale once again here in Anita, Iowa. Last year, they transitioned from an online sale, to a live auction here at the facility. The evaluation of the bulls in a live auction is something this group appreciated more as opposed to just seeing them on a video or online.

It's been a year since our new tradition began. Its been a very rewarding year and we feel so blessed that so many have laid their trust in us to help promote and host their legacy. Some of those customers have been old friends and some have been new, but what excites us most is the relationships we are building together. We're eager for what's to come in 2022! Feel free to stop by the facility, give us a call, or follow us on Facebook.

We had a strong run of Revive bull calves this year and this calving ease dark roan son is certainly a highlight. 77 lb BW that is maturing into a stout made, long bodied bull with this kind of performance, is what it's all about. Envied, Captain Obvious, Reincarnation, with a grandmother who was a several time performance dam, is proof of what's to come here. He was at the top of the list on a deep set of bull calves in the two-year-old pasture for the entire summer and for obvious reasons. Superior calving ease sire with plenty of look.

One of the most unique bulls born here to date. I have no less than 30 pictures of this bull on my camera roll because he just always looked good. A direct son of SM Sweet Lady, who was Reserve Champion Bull at the 2021 Iowa State Fair and most recently the lead bull in our Reserve Champion Pen of 3 at the Cattlemen's Congress. If you have been searching for a white bull to bring power, eye appeal and performance to your cow herd, look no further.

An extra stylish son out of Red, White, & Roan that has been our favorite since the day he was born, I've got many pictures to prove it. He is a real moderate, medium framed, stout herd sire with a fault free structure. This bull is out of my favorite cow, a Tradition daughter which have been the best producing cows Dad's ever had. Kyser broke this calf and showed him over the summer, he's as gentle as they come.

The Dream Easy calves have gone on to fulfill our expectations as smooth made, calving ease shaped cattle that can still perform. 2J has long been a standout in that group for early gestation, low birth weight and now at a year of age, if you didn't know any of that, you'd peg him as just flat good. His Prairie Fire dam is heavy in calf as I write this, sticking AI right away while raising this unique bull calf. Top tier CED & BW kind of bull.

An own son of Alta Cedar Diablo 98U. We have continued to use Diablo even years after him being because of his ability to product great progeny that are so consistent, nicely patterned, deep bodied, and you know what you get with every calf. His daughters are some of the best producing cows we have. John Boy follows right in step with his sire, this is an excellent opportunity to take a progressive step forward in future generations.

Jaw Dropper has been our little herd bull since day one! He's 100% beef Canadian genetics but shows off like he's ready to go into the show ring every day. Out of a great Tradition cow, notice how these Tradition daughters are just herd sire makers! He was spring calf Champion at both IA and MN state fairs and was reserve overall in MN. Extra muscle, hip, soft middled and combines it all with a good front end and balance throughout. Sweet color package and that extra cockiness that can't be ignored.

7/8 ShorthornPlus.

Producing cattle that can combine high caliber EPD's that look like 25J is what Dad and I strive for in breeding cattle. He has 14/16 EPD's that rank in the top 25% or higher. INCREDIBLE balance. The Grandmother of this bull has a history of making Herd Bulls, and a consistently short gestation period. Liberty Valance is the type of bull that can start his own legacy rather than living underneath his sires. Deepest ribbed, softest made Cowboy Up son to date & mated to purebred cows the resulting offspring will be purebred.

Stout hipped, long bodied high performing Cowboy Up son that not one person has missed in our bull pen, and for good reason. A truly unique birth to weaning spread and our highest 205 day weight this past fall. Reserve Champion Shorthorn Plus bull 2021 Iowa State Fair. Top 3% CED, WW, YW, CEM, MB, \$BMI, \$F.

This crossbred bull is out of "As Good As it Gets" who I use a lot in our program to make heifers. He stamps baldies and makes them plain good- here is living proof of that. This is one eye appealing calf that offers tremendous shape and expression.

Here is another nice addition from one of the best cows you could ask for in any color. She has produced many herd sires over the years. Jet Setter has a great future ahead of him and you can go so many ways with him in your herd. These Logic progeny have been very successful in the Simmental breed, very excited to see how this one progresses.

THREE FULL SIB, 3/4 BLOOD SIMMENTAL BULLS

This set of full sibs has been nothing short of impressive and we are excited to share some of our most proven genetics in this sale. These Percentage Simmental bulls are out of our great Future Prototype cow and Ultra Dream Catcher. We have been using this mating for about eight years and they just plain work in terms of performance and eye appeal. Were certain these bulls will make a great return on investment. You better get ahold of one of these brothers!

Due to no blood work on the dam on these bulls, they are registered as half bloods. Contact Chance or Ashley for more details.

LOT 45 - Lots of power in this guy who has been a standout since he was born. If you like muscle and real-world performance this is your bull.

LOT 46 - Really complete bull here in terms of build and balance. A really stout beef bull that we admire for his rib shape and depth of body.

LOT 47 - A practical commercial man's beef bull. He is the youngest of the three full sibs but definitely doesn't lack quality. He still remains highly stout, flexible, and carries extra rib shape.
