FAMILY LEGACIES ... Standing the Test of Time
SATURDAY, OCTOBER 10, 2020 | AT THE STUDER FARM | CRESTON, IOWA

What a year 2020 has been! While everything has changed around us—the one thing that hasn't changed is being out with Shorthorns and the positivity that comes with those that are in our pastures. We were never more thankful for the time we get to spend with these cattle than during the shutdowns that took place this year. We are dedicating our sale to our close friend and his family, Tom Mitchell, who has been

part of our sale and family for many years. His legacy lives on not only in his children and grand kids, but also the Shorthorn breed and is greatly missed. There isn't a day that goes by that I don't think about calling him. This year we are offering some of our best open heifers and bred heifers that are the kind that keep us going every day. It has been tough over the past five generations, but we have continued to evolve our operation to stand the test of time while breeding the kind of cattle to expand our customer base. We are grateful for family and friends that help us make this day possible each year. We also couldn't do it without the help of Collin Cory each and every day. This year he even had some extra help from his girlfriend, Theresa, who has become found of these Shorthorns as well. Due to the current situation our meal and beverage selection will look different this year. We look forward to seeing you on sale day!

Follow on   

Once again we are very excited to be a part of The Family Legacies Sale put on by the Studer Family. It is truly unique that this sale represents three herds all within 60 miles of each other that share the same passion for Shorthorns. The kind of cattle these herds put together represent themselves in a manner that makes any cattleman proud. With dried up pastures and drought it is still impressive how these Shorthorns can go out and thrive.

2020 has been a trying year, but I think we can all find a sense of routine and comradery in this industry. Find comfort in bidding as we stand behind all of our cattle even after the sale.

We hope to see you on October 10th in Creston, Iowa for another Family Legacies Sale.

This has been favorite all Summer long. We have been pleasantly surprised how well Leveldale Rockford worked on our Muridale Matt daughters. They are consistent with eye appeal and balance and at the same time do not give up any in structural correctness. This heifer is a great show prospect and has already been shown this Summer. She is one that will continue to be a favorite for many years creating her own footprint in your cow herd.

Ultrasound safe A.I. to DMH Charlotte's Chance - 4206192. Due 02.21.2021. P.E. to Studer's Marquis 86G (4287995) from 05.08 - 09.01.2020.

A can't miss here - Marquis x Tradition x Unlimited. Brock can be fairly persuasive with his Dad and Grandpa and really wanted to keep this bred heifer, but at the end of the day the older generations said we should let another family have a heifer out of Sonya too. Her Mother has had a special place in Brock's heart and was recently Cow/Calf Champion at the Iowa State Field Day with a heifer calf at side. Don't miss her on sale day, even though Brock would like you to!

Ultrasound safe A.I. to DMH Charlotte's Chance - 4206192. Due 02.25.2021. P.E. to Studer's Marquis 86G (4287995) from 05.08 - 09.01.2020.

Lot 47 & 48 are two Heritage Shorthorn females. There is nothing that has stood the test of time longer on grass than Heritage Shorthorns. Their Mothers were the pick of CSB Shorthorns in North Dakota a couple years back. If you are looking for moderate framed, easy fleshing females then here are two for you! On top of this, they are bred to DMH Charlotte's Chance who is also a Heritage Shorthorn and so will their progeny be.

GENERAL INFORMATION ...

Terms: The terms of the sale are cash or check. Payment to be made to the clerk immediately following the sale and before the cattle are removed from the Studer Farm. Purchasers or their representative must sign the bill of sale prior to leaving the sale site.

Billed Accounts: All billed accounts are due and expected within 10 days of the sale date.

Insurance will be available for your purchase at the sale through Harding & Harding. Contact either their representative or the clerk at the settlement desk.

Health: Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states. All vaccinations are up-to-date and cattle born at the consignors have been vaccinated. A list will be available on sale day listing any non-vaccinations.

Breeding Guarantee: All cattle sell under the Standard Breeding Guarantee recommended by the American Shorthorn Association. An exception would be through mishandling either obesity, or under nourishment and illegal practices associated with showing the female.

Liability: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the sellers for a reasonable amount of time. Neither the owners, employees, auctioneer, sale manager or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

Registration And Transfer: All animals sell with completed pedigrees or applications for registration.

Transportation: The Family Legacies group will make every effort to assist you in your transportation needs. Local trucking will be available.

Mail Bids: Mailed or telephoned bids will be handled in a most confidential manner. If you are unable to attend the sale personally, simply contact a representative, a sale consultant or a member of the Family Legacies group far enough in advance prior to sale day. They will be able to assist you at ringside on sale day.

Announcements made sale day will take precedence over printed material in this catalog.

Breeding Update/Calving Information: There will be added information available at the sale site that will list any additions to the catalog information as to new calves born and new breeding information that will occur after the printing of this catalog.

This heifer should have made the show string this past year, but there wasn't enough pens and man do we wish she would have been there. Her mother was Dale's favorite from Glen Haven Shorthorns and every year this cow family never misses. As you can tell from the mating to Alta Cedar Diablo, we did not intend on selling this heifer and still are questioning this decision today.

Anita Studer

Studer Shorthorns,
Creston, IowaRecognized for her
service during
COVID-19
this Spring!

Anita has been a Surgery Nurse at Greater Regional Medial Center in Creston, Iowa for over thirty years. Her nursing career started in the late 1970's in Algona, Iowa. She continued to serve in the nursing field when Dale and her moved to Hamilton, Texas and then to Pennsylvania. In 1991 they moved to Creston Iowa where they make their home today. She continues to serve our community each day as a surgery nurse and still comes home and helps out with the cattle. Just like raising cattle each day is a new day and is on call to continue to help serve those in need during todays environment.

P.E. to Studer's Fillet 135F (4293923) from 07.10 - 09.01.2020.

A nice roan female sired by Cheyenne who continues to influence added power and dimension in his progeny. Pretty Woman is also a granddaughter to Studer's Pretender. Don't miss out here.
