Selling one IVF flush on GR Slim Sydney "Blue." IVF flush with sire of choice. With a minimum of six transferable embryos. Guaranteeing (2) 60-day pregnancies. Embryos to be done at buyers' expense and sellers' convenience. ET work must be done at Ultra Ova, Adair IA.

Blue is our elite donor cow here at Will Cattle Company. We purchased her in 2021 for our son Kyser and together they were a perfect team. Kyser & Blue had a very successful show career, one that will be hard to beat. Reserve Senior Calf Champion at OKC in 2022, Division VII Champion at the 2022 Shorthorn Junior Nationals, Champion Shorthorn Plus Cow/ Calf pair at 2023 Iowa Shorthorn Field Day, Division VIII Champion at the 2023 Shorthorn Jr. Nationals, Grand Champion Female at the 2023 Iowa State Fair, and numerous other champions over her career in the ring. She's been an extremely special part of our operation. Don't miss this opportunity to own her first offspring- you'll be ahead for years to come!

This offering may surprise a few, but here she is. Out of our elite donor dam "Blue" and sired by Byland Soggy Dog. Blue's first natural calf & full sister to lot 36. We've said from day one this heifer calf is a carbon copy of her mother, from disposition to structure. DSF Carmine is a true powerful female, from the ground up. Offering lots of skeletal size, substance, and dimension. Just weaned off the cow the last week of August and pictured 2 weeks later this gal is exploding. She's already had a tremendous show career alongside her mother this summer. Champion Shorthorn Plus Cow/Calf pair at Iowa Shorthorn Field Day, Champion Division VIII at Shorthorn Jr. Nationals, and Grand Champion Shorthorn Plus Female at the Iowa State Fair. This will be hardest calf we've ever parted with, especially for the kids but we knew we had to offer our very best. Don't miss your opportunity to hit the lottery with this one- DONOR COW IN THE MAKING! We reserve the right to two successful flushes at our expense.

Leading off the Forsaken heifers we have one that deserves the attention. These are the first calves out of our herd sire from JSF last year and they are impressive. They have growth and performance and still do so with balance and style. We have had much success with the females on the Iris cow family. Excited to see where this one ends up!

An extremely long, well balanced blue roan heifer out of Fresno. These blue roans are hard to get and this one is colored perfectly. Beyond that though, she has some tremendous qualities for the future as both a shorthorn plus show heifer in her growth and power and then the mating possibilities with this pedigree should produce well for generations.

Absolute show stopper right here! She has all the right parts and pieces to be a lot of fun for a junior showman next year. First year for Tribute progeny and they have been popular in several sales already. This one takes a back seat to none of them. Brock has had fun showing her all summer and will miss her. She not only has the show ring presence, but a stacked genetic package that will be a fun donor female down the road.

43L will be the first Liberty Valance female to sell. Her picture tells it all, feminine fronted, big middled with ample hip shape and hind leg. Her dam comes from a cow family that has put several top end females in this sale. Extremely gentle female that would make a nice one for the Shorthorn Edge show.

Surely you can start to see the consistency in the Rockford daughters and why we are offering more than we have in the past. This one may be the best one yet. Strong a profile as you can look for. Extra rib shape, sound, and once again long fronted and smoothly designed.

Just as solid as a genetic package as it gets. The Sonya cow family never disappoints and have been really superior their design and stayability. This heifer's mother is one of our best first calf heifers and proven sire with Studer's Taylor Made. The body, dimension, and correctness will be noticeable on sale day. Pay attention here!

The picture pen wasn't her favorite place to be, but it sure made for a striking pose. Her mother is a blue roan cow out of Dumbledore we bought from Derek Jungles a few years back, crossed with White Claw makes an awfully flashy colored female. Big hiped & good footed. She's super freaky fronted and lights up like an M-80. Probably not for your first-time showman.

This ET heifer calf is a full sib to the Lot 1C heifer. Completely different look than the red roan but still an awfully complete female with tons of rib shape and dimension. An April born calf that comes to you a little greener in her body but gets better every day. Don't take anything away from her- I love the broodiness and cow look to this heifer calf. She's got a bright future.

## GENERAL SALE INFORMATION ...

**Terms:** The terms of the sale are cash or check. Payment to be made to the clerk immediately following the sale and before the cattle are removed from the WCC Cow Palace. Purchasers or their representative must sign the bill of sale prior to leaving the sale site.

**Billed Accounts:** All billed accounts are due and expected within 10 days of the sale date.

**Insurance** will be available for your purchase at the sale through Harding & Harding. Contact either their representative or the clerk at the settlement desk.

**Health:** Each animal will be represented by a state approved health certificate for interstate shipment. Buyers should make themselves aware of the health requirements for their respective states. All vaccinations are up-to-date and cattle born at the consignors have been vaccinated. A list will be available on sale day listing any non-vaccinations.

**Breeding Guarantee:** All cattle sell under the Standard Breeding Guarantee recommended by the American Shorthorn Association.

**Liability:** Each animal will be at the buyer's risk as soon as sold, but will be cared for by the sellers for a reasonable amount of time. Neither the owners, employees, auctioneer, sale

manager or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

**Registration And Transfer:** All animals sell with completed pedigrees or applications for registration.

**Transportation:** The Family Legacies group will make every effort to assist you in your transportation needs. Local trucking will be available.

**Mail Bids:** Mailed or telephoned bids will be handled in a most confidential manner. If you are unable to attend the sale personally, simply contact a representative, a sale consultant or a member of the Family Legacies group far enough in advance prior to sale day. They will be able to assist you at ringside on sale day.

**Announcements** made sale day will take precedence over printed material in this catalog.

**General Update Information:** There will be added information available at the sale site that will list any additions to the catalog.

# SISTERS TO THE AI SIRES

lot 37

Circk Gilman Dream Easy 21F, a maternal sib to Lot 37.

lot 38

Gilman's Liberty Valance 25J, a full sib to Lot 38.

lot 39

Gilman's Big Bank 34H, a full sib to Lot 39.

**34K**, maternal sister to Dream Easy, carries a lot of the same features as him. Clean structured, super deep, excellent profile and elegant. She was Kathleen's pick in the picture pen. **44K**, full sister to Liberty Valance, and she's a female carbon copy of him. Long bodied, power packed performance and tremendous balance on paper. Lights out mating bred to Ronan. **61K**, full sib to Big Bank. A unique combination of performance, femininity & maternal look. All three of these females present a different type of opportunity yet are consistent in type and kind to their male sibs. Uniformity of both sexes, same matings, that are balanced. Credit to my Dad, Cary for always preaching to me to focus on bringing the bottom up and the top will come on its own. Always keep uniformity, whatever directly effects economics & end product in mind. Not enough credit is given to my parents, the ones who make this all possible. This feature lot is a preview of what's to come 02.24.2024 with the "Band of Brothers." Uniformity and a Passion for Progress. Stay tuned.

Bred to JSF Foreplay 168J (4324982); due 02.27.2024 with a heifer calf.

Moderate, eye appealing, sound and bred to JSF Foreplay with a heifer calf - what more could you want! Out of a direct daughter of Marquis and going back to Ramrod. These are some of his favorite genetics and if we tell him any more about the pedigree, he for sure will not let her go! Don't miss her!

Bred to Mapleton Kingsley M20K x.

This cow family came from the Rocker Bros. in Nebraska. She has a maternal brother working in a Kansas herd. Her mother is my first daughter of Mapleton Earl M4E x and is that consistent, hard working kind. Genomically enhanced EPDs. Solid growth and carcass numbers, \$BMI (top 15%), ST (top 15%).

Bred to Ash Valley Answer 0243; due 03.01.2024.

I'm sure Dad was fairly unimpressed to find out we had a 430B daughter in the sale pen. A little younger bred female but you wouldn't know now. Her dam is one of the matriarchs on the farm. Long necked, sound structured and a gentle disposition. She ranks in the top 3% for Marbling and top 10% for \$BMI.

## LOTS 71 - 79 ... BRED FEMALES

As we were putting the sale catalog together one of our most common requests is about Bred Females we may be offering. That being said, due to the drought in Iowa and the opportunity to offer these we are letting a larger set of Bred Females go than in the past. Check them out on sale day as we know you will not be disappointed. Watch for videos on this group of Bred Females as it gets closer to the sale! All breeding information will be updated on sale day.
